

Rohrer Web File Manger (FTP site)

How to instructions:

We invite you to log in at your convenience to:
<http://ftp.rohrer.com> and upload your files.

When your Rohrer Web File Manger account is activated.
Copy your username and password to the website.

User name-
Password -
(FTP sit case sensitive)

Note: To upload files with multiple elements,
you may need to create them in a folder and
make a SIT or ZIP file. This will help keep all
elements for each item together.

Any files that are not stuffed or zipped,
need the appropriate suffix included.
(.txt .pdf .eps .ai .psd)

**Please close your connection to the FTP site
when your files have finished uploading.**

This will notify our system that you have
finished and sends an email notification
to our prepress department.
